

AG-HB-02

Hose Box Double Door

TECHNICAL MANUAL

General:

- Wall-mounted fire hose storage box constructed from heavy-duty steel sheet with a corrosion-resistant coating, built to securely house fire hose and associated equipment within a fire hydrant installation.

Application:

- Fire safety equipment storage — installed alongside hydrant points in commercial, industrial, and institutional buildings to protect hose, couplings, and branch pipes from damage, dust, and weather exposure while keeping them accessible for emergency use.

Features:

Product Type	Fire Hose Storage Box
Material	Heavy-Duty Steel sheet (Available in 16-Gauge, 18-Gauge & 20-Gauge)
Finish	Corrosion-Resistant Coating
Installation Type	Wall Mounted
Dimensions (W × H × D)	750mm × 600mm × 250mm
